

Re: Donovan Brown

Dear Doctor Hyman,

Mr Brown was seen for symptoms of with vomiting. Endoscopy done on the 27th June, 2018 which showed features of reactive gastropathy with bile acid reflux.

He will be on treatment for six weeks of motility agent and pump inhibitors.

He will also be on sick leave for two weeks commencing Saturday the 7th July, 2018.

For any further information and/or queries, I may be contacted at the above listed address and/ or telephone number.

A handwritten signature in black ink, appearing to read 'Derek Ewan', with a stylized flourish at the end.

Derek Ewan
